Work Stops Temporarily.—Labor has been stopped temporarily in clearing the right of way for the North Shore Telephone line because of the wet weather of the last week, but will be commenced as soon as the weather moderates sufficiently to permit. At the present time the right of way has been cleared and poles will soon be erected between Megler's station and Knapp-ton. The company is determined to complete the line as soon as it can be done.

For County Judge.—T. S. Jewett, of Hammond, has filed his petition for the nomination for county judge at the ensuing primary election. He states his platform as follows: "If I am nominated and elected, I will, during my term of office, conduct the business affairs of Clatsop county in an economical manner and endeavor to reduce the indebtedness and taxes of the county, and if the taxpayers of the county want a new court house built, I will advocate the building of one sufficient to meet the wants and requirements of the county and will endeavor to build good county roads and bridges commensurate with the growing needs of the county."

Sailor Badly Injured.—All day Friday, the lightslip of the Columbia bar (No. 67), was flying signals of distress, but the weather was so inclement none of the local craft could get to her, and it remained for the tug Tatoosh, homeward bound from Cape Flattery, whither she had taken the French bark Jean Baptiste en route to Tacoma, to see and answer the signals yesterday morning on her return to this port. Captain Bailey ranged into hailing distance and was informed that there was a man aboard badly hurt and that he must be sent ashore for treatment. The Tatoosh was then quickly put alongside, and Louis Monsel, one of the seamen, was transferred to her cabins and brought to this city. On Thursday evening last Monsel had the misfortune to slip on a bunkers plate in the spar deck, falling in such wise as to break his right leg about six inches above the ankle. He was brought to the city and taken at once to St. Mary's hospital, and a letter of advice from Captain Peterson to Dr. Jay Tuttle, soon made things easy and comfortable for the injured man. He was cheerful and hopeful yesterday when the Astorian reporter saw him, and hopes to be out soon.

IN ADJOURNED SESSION.

Clatsop County Court Winds Up Business of Term.

The County Court met in adjourned session at 9 o'clock yesterday morning for the purpose of receiving bids for the building of a number of county bridges. In this behalf there were several bids entered of a varying nature, and the whole of them were referred by the court to Roadmaster John Frye, with instructions to analyze them and report the lowest and best bids to the court, in due course, when the court will make the proper awards.

An order was made directing the county clerk to purchase two copies of the new Astoria city directory, one for the clerk's office and the other for use in the sheriff's office.

Reports were received from the supervisors of road districts Nos. 1, 3, 11 and 14, and same were duly examined and approved by the court.

The court having carefully examined the report of Sheriff and Tax Collector Thomas Linville, in the matter of the delinquent tax roll, and having found the same to be correct and in due order, and that property had been sold under the delinquent provisions, to the sum of \$1440.92, it was ordered by the court, that the clerk of the county give due and recorded credit in that amount to the sheriff.

The court, discovering that in its late review of the bids filed in behalf of the planking of the county road between Hills' Slough and Skipanon, the bid of R. A. Abbott, at \$1.00 per rod, had been lost, or mislaid, and that being the best and lowest bid in that relation, made an order rescinding the contract heretofore awarded to August Juhr for the work, and awarded the work to Mr. Abbott at the figure of his bid.

The court then adjourned for the term.

PARTICULAR PEOPLE.

The world is full of particular people, and the most exacting of them all, are those who are particular about what they eat, where they eat it and what they pay for it, as well as the service accompanying the meals. It is the rule in Astoria, whenever one of these people inquire for the best, all-round restaurant in the city, to promptly refer them to the Palace Catering Company, on Commercial street, just opposite the Page building. Once they patronize the Palace, their worries and their questions are at an end. Banqueting and party service is complete in every detail of luxurious appliance and menu.

TERSE TALES OF THE TOWN

Genuine Entertainment.—The Star theater is supplying some genuine entertainment, these days. The bill was really excellent the past week and the line due for this week is said to be among the best of the winter. There is nothing best in the way of time nor money in an occasional drop in at this popular little house.

The handiest book, contains the greatest amount and most valuable information. 1906—The WORLD ALMANAC—25 cents at Svenson's Book Store.

Good News.—Martin Foard was apprised yesterday of the late illness of his daughter, Miss Freda Foard, who is attending the Annie Wright Seminary at Tacoma; it seems that she has been indisposed for some time, but the family was not notified until there was a change for the better in her condition, and this was announced in the happiest fashion, by the last dispatch received yesterday afternoon. Her trouble was of a sort analogous to quincy.

Visit Park Site.—Today at 2 o'clock sharp the sub-committee of the park commission will start from the city hall and visit the city park site for the purpose of determining on the driveway, where it shall run, and other matters in relation to the park. All citizens interested in the improvement of the park are invited to accompany the committee.

Speaks Today.—Do not forget that Miss Gail Laughlin of New York, the distinguished advocate of equal suffrage will speak in Logan Hall this afternoon at 3 o'clock, on "My Neighbor." The address will be in keeping with the day. The friends of equal suffrage felt that many would be deprived of hearing this gifted speaker on account of the stores being open on Saturday evening, and they arranged this special meeting. All are urged to be present and hear this talented woman.

"Hotel Irving" is the only steam-heated hotel in the city.

West End Spirit.—Treasurer I. W. Panttaja, of the West End Improvement Club has favored the Astorian with the list of prizes it has awarded to the lads who have been busy routing out and carrying away the old boxes, cans, barrels and other trash, from the back yards, vacant lots and streets, of the district supervised by that club. The prizes and winners, were as follows: First prize, a suit of clothes from Wise's store, won jointly by two lads named Bakka and Westerlund; second prize, \$2.50 in cash, won by Fritz Kankkonen; third prize, \$1.35 in cash, won by Chester Junty; fourth prize, \$1.00 in cash, won by Charles Carlson; fifth prize, 75 cents, won by Walter Jackson; sixth prize, 50 cents won by Arne Joki. The boys did thorough work, and found some pleasure in the rewards attained. It is a good plan for the club and might serve as an example for the other three organizations.

The very best board to be obtained in the city is at "The Occident Hotel." Rates very reasonable.

Teachers Meet.—Yesterday morning the Astoria Teachers' Association convened in the high school building at 10 o'clock. Immediately after the roll had been called and the minutes of the previous meeting read, the association adjourned for the grade meetings, at which the subject under consideration was "Language." The leaders in the different grades were: First grade, Mrs. Fulton; second grade, Miss Olsen; third and fourth grades, Miss Fossett; fifth and sixth grades, Mrs. Barry. At the conclusion of the grade meetings a meeting of all the teachers was held. An interesting and well prepared paper on the subject of "Language, and the Relation of Technical Grammar to the Proper Expression of Thought," was read by Miss Barker, principal of the Taylor school. Superintendent Clark gave a talk in relation to methods of teaching arithmetic, as applied to the subjects of addition subtraction, and percentage. At the conclusion of his address, the officers of the association which served last term were all re-elected for another term. "Geography," has been selected as the subject for discussion for the next meeting which will occur on Saturday, March 24th, at the Shively school.
